

Saúl Mauricio Rodríguez Vaquera

Professional Summary

Software Development Engineering student with over 1 year of experience in programming, web development, and mobile application development.

Work experience

Full-Stack Developer

Professional internships at the Technological University of Santa Catarina.

May 2023 – July 2023

Responsible for the development of both the front-end and back-end of the UTSC Dual web platform using technologies such as HTML, CSS, Bootstrap, JavaScript, JQuery, PHP, and MySQL, leading a team of three members for planning, ensuring accessibility, and optimal performance. This role provided me with valuable hands-on experience in developing complete web solutions, enhancing my technical skills and my ability to successfully lead multidisciplinary projects. The resulting platform met 100% of the client's requirements and expectations.
